TECHNICAL SKILLS

- **Programming Languages** : C, C++, Python.
- **Frameworks** : React.js, Django FastAPI.
- **Web Development** : HTML, CSS, JavaScript.
- **Databases** : MySQL.
- **Tools/Platforms** : Git, GitHub, VS Code.

SOFT SKILLS

- Adaptability
- Quick-learner
- Altruism
- Time Management
- Teamwork

CERTIFICATIONS

Cybersecurity Essentials from Cisco Networking Academy

Completed this course, gaining knowledge of cyber threats, counter measures, and network defence strategies.

ABOUT ME

I am an adaptive and quick-learner with problem-solving and critical-thinking skills. I value punctuality, time management and being observant, which help me handle responsibilities effectively. I am enthusiastic about continuous learning and contributing to innovate software solutions while working in a collaborative environment.

EDUCATION

Rajiv Gandhi Prodyugiki Vishwavidyalaya (2022 - 2026)

Bachelor of Technology(CSE) CGPA : 8.11

Manas International School (2022)

XII Grade 80%

Kainat International School (2020)

X Grade 87.2%

PROJECTS

• "Snake Game - Eat, Grow and Score"

Developed an interactive Snake Game using JavaScript and DOM manipulation and implemented real-time score tracking & collision detection algorithms.

• "Simon Says - Colour Memory Game"

Developed a Simon Says memory game leveraging JS and event handling and state management. Designed an intuitive UI with CSS animations for color sequence feedback creating a responsive, engaging gameplay experience.

• "URL Shortener"

Developed a URL shortening service using python and FastAPI to convert long URLs into unique, short, shareable links. Implemented storage database storage with MySQL and created REST APIs for URL generation and redirection.

• "Task Management System"

Developed a full-stack task management application with secure user authentication and registration features. Implemented CRUD operations for creating, updating and tracking tasks with categories and deadlines. Build a responsive user interface using React.js and integrated MongoDB for efficient data storage and management.
